Re: the Program Coordinator opening at Sampletown Community Center

Dear Ms. Alvarez,

I am applying for the Program Coordinator role you posted for Sampletown Community Center. The posting reads like a summary of my last four years: schedules that hold together, volunteers who stay, and records that are ready before anyone asks.

At the Sampletown Housing Council, I coordinate 40 volunteers a week across three sites and prepare the monthly summary our board uses to make decisions. Before that, I ran a front desk that greeted more than 100 people a day. Three details from that work line up with what your posting asks for:

- A weekly schedule of 40 volunteers across three buildings, kept accurate since 2022.
- A shared intake log that cut application processing time roughly in half.
- Short, plain-English summaries that coworkers and board members actually read.

If any part of this looks like a fit, I would be glad to talk by phone or stop by the Center. My résumé and reference sheet are attached. Thank you for your time.

Sincerely,
Avery Sample
